

## Another award for ACS®

Automatic Cover **ACS®** received a prestigious award **Golden Wave 2013** in Germany. Professional magazine **Schwimmbad & Sauna** is giving this prize every two years to the best new products in 8 categories. Unique Automatic Cover ACS® for Swim Spa won in category Roofing and covers.

*The prize for USSPA from the editor in chief André Schneider and publishing manager of Fachschriften-Verlag Wolfgang Kriwan took Lukas Rychetsky, sales manager and Marie Neradova, marketing manager at the gala evening in Stuttgart.*

Der Innovationspreis von Schwimmbad & Sauna  
**GOLDEN WAVE 2013**

The Automatic cover is a revolutionary innovation from the practical and design point of view. Thanks to the ACS® it is possible to open/close the Swim Spa only by pressing the button; it also enables to use new finishing materials on the cover – from the attractive fabrics to metal sheet painted in the color of customer's wish. The ACS® was successful already at the last years' International building fair SHK in Brno where it was awarded with Gold medal.
